

Sleep Over

By Melanie Peterson

Don't you worry if she's still on your mind
I'm in no hurry, baby, take your time
Like a red bow on a green Christmas tree
You are exactly where you're meant to be

**Why don't you sleep over?
Don't spend Christmas eve alone
Why don't you sleep over?
I'll light the fire turn off the phone
Why don't you sleep over?
Let's make a Christmas dream come true
Why don't you sleep over?
Why don't you? Ooo ooo
Why don't you? Ooo ooo sleep over**

Won't let you down but I think that you should know
Might steal a kiss underneath that mistletoe
If we put our hearts together
You might find a way to forget her

**Why don't you sleep over?
Don't spend Christmas eve alone
Why don't you sleep over?
I'll light the fire turn off the phone
Why don't you sleep over?
Let's make a Christmas dream come true
Why don't you sleep over**

*And I won't ask you for forever
Unless you want me to
And I'll only go as far as
I do I do I doooooo*

**Why don't you sleep over?
Don't spend Christmas eve alone
Why don't you sleep over?
I'll light the fire turn off the phone
Why don't you sleep over?
Let's make a Christmas dream come true
Why don't you sleep over?
Why don't you? Oo ooo
Why don't you? Ooo ooo sleep over
You Ooo ooo
Why don't you? Ooo ooo
Why don't you sleep over?**
