

Winter Hibernation by Sherry Jacoby

There's a snowstorm
But I'm home
With you, with you
Drinking cocoa
And I'm warm
With you, with you

And I never thought I'd find someone like you
Someone who can cure my winter blues

Winter hibernation starts now
Winter hibernation makes me smile
Let's hide underneath the covers, I don't wanna go outside
Cause for the first time in my life, it's Christmas and I'm in love
Ooh ooh ooh ooh winter hibernation with
You ooh you ooh winter hibernation with you

Cozy sweaters
And warm shelter
My heart is full, it's full
No I've never
Felt better
It's true, it's true

Cause I never thought I'd find someone like you
Someone who can cure my winter blues

Winter hibernation starts now
Winter hibernation makes me smile
Let's hide underneath the covers, I don't wanna go outside
Cause for the first time in my life, it's Christmas and I'm in love
Ooh ooh ooh ooh winter hibernation with
You ooh you ooh winter hibernation with you

Ooh winter hibernation ooh

Winter hibernation starts now
Winter hibernation makes me smile
Let's hide underneath the covers, I don't wanna go outside
Cause for the first time in my life, it's Christmas and I'm in love
For the first time in my life, it's Christmas and I'm in love
