

Rum And Eggnog

Rum and eggnog take my mind
I'm getting drunker all the time
Don't need no beer no weed no wine
My rum and eggnog suits me fine

Just last week
I was trying to get some sleep
Sipping nog and counting sheep
Man them sheeps give me the creeps

It occurred to me one day
While buying rum made in Mount Gay
That when I go I really stay
And serve that eggnog on a tray

Rum and eggnog take my mind
I'm getting drunker all the time
Don't need no beer no weed no wine
My rum and eggnog suits me fine

When it's time to have a drink
I pour that whiskey down the sink
'Cause I think it smells like stink
'course my nose has been on the blink

Rum and eggnog take my mind
I'm getting drunker all the time
Don't need no beer no weed no wine
My rum and eggnog suits me fine

<intsrumental break>

I saw a Santa sleigh at dawn
Just decoration for a lawn
Last sip of eggnog now it's gone
Just ask Mathew Luke and John
To go to the store and get me more eggnog

Rum and eggnog take my mind

I'm getting drunker all the time
Don't need no beer no weed no wine
My rum and eggnog suits me fine
