

FOR A MOMENT - CAPO 3

Parent

C - G - F

C G F
This morning I found myself in the welfare line
C G F
Holding back the tears and choking on my pride
C G Am G F
Remembering better days when I could afford what you desired
C G C
A long time ago, for a moment, you were mine

Another afternoon that I'm stuck in bed
Thoughts of fear, and doubt are tearing through my head
When I was young we would run for miles and miles and miles
A long time ago, for a moment, you were mine

Am F C
For a Moment I held you in my arms
For a moment you gave me shelter from the storm
The seasons change, but the snow still falls
And that was such a long time ago

Tonight I heard a song on the radio
One we used to dance to nice and slow
But the music don't sound like it did when you were by my side
A long time ago, for a moment, you were mine
