

EARTHBOUND

© CS Cook - 2018

High upon this hillside
The air is clear and bright
The buzzard seeks the rising air
And spirals in his flight
Whilst I'm just standing by - I'm earthbound
All I want to do is fly - I'm earthbound
No soaring climb for me
No endless vistas will I see
I'm earthbound, I'm earth bound

High above this hillside
The skylark notes her song
An endless, tumbling, rising tune
She'll sing the summer long
While on this path I stumble by - I'm earthbound
Never meant to sing or fly - I'm earthbound
Above the town wherefrom I fled
The skylark soars above my head
I'm earthbound, I'm earth bound

Earthbound dreams, Flightless schemes
Songs that get me nowhere
Tunes that never take the air,
Just scrape along the ground
I'm earthbound, I'm earth bound

High above this hillside
The clouds are sailing past
In diamond bright & honeyed air
My heart beats hard and fast
I know I'll never sing or fly - I'm earthbound
But I hope I never cease to try - I'm earth bound
Across these Northern hills I roam
with weary footsteps back to home
I'm earthbound, I'm earth bound
I'm earthbound.
