

'Liar'

by **Dokter Nomi**

Everyday, everyday, I think of us. I love you, I love you, oh so much.
Your boyfriend thinks I'm just a friend. You never open up to him.
It pains me so much to see you with him.
Why pretend that we are friends?

I don't know if I can do this anymore; I don't know if I should stay or go.
Will you ever really love me? I don't think so, cause:
You are, you are, just a liar; you lie, you lie, too much.
My heart, my heart, sets on fire every time, every time, we touch.

You say, you say you love me too; but you, but you, never follow through.
I cannot wait for the end of time for you, for you to make up your mind.
It rains on my heart to see us apart.
I won't pretend that we are friends.

Liar, liar; you're just a liar; you're just a liar; liar, liar.
Liar, liar; you're just a liar; you're just a liar; liar.
I need to love somebody else; I need to love somebody.
I need to love somebody else; I need to love somebody.
