

Take Your Time

J. Wright

Take your time, take your time
Baby you don't have to hurry,
Come on and take your time

Born on Monday, met you on Tuesday
In love by Tuesday afternoon
And I don't know what to say, But it's falling into place
When I see you twinkle, dancing with the moon

Little darling

Sunshine morning, coffee pouring
On the balcony, and just we two
And I don't know if it's me, but I think that you might be
The only thing I've always known was true

Baby you don't have to worry, come on and clear your mind
Baby you don't have to hurry, come on and take your time

Take your time, take your time
Baby you don't have to hurry,
Come on and take your time

Little darling

Sunset evening, we believe in
This brand new love between our hearts
And I don't know how to show all the love you've let me know
But it's true, you've given me a brand new start

Baby you don't have to worry, come on and clear your mind
Baby you don't have to hurry, come on and take your time

Take your time, take your time
Baby you don't have to hurry,
Come on and take your time

Come on and take your time, it goes so slowly
But we never have enough
The word we hold so holy is love, love, love

Take your time, take your time
Baby you don't have to hurry,
Come on and take your time
