

It's Always Over Lyrics

I can't sleep at night anymore
there's a fire in my head and wolves at the
door

But I like the feeling of the midnight sun
If i sleep all day i don't hurt anyone

Its always over
Before it begins
If i had it all I would do it again
If i had it all I would do it again

The city is ours and she knows your name
But even if she didn't i'd love you the same
'Cause i get the fire that no one else knows
I wake up in the morning and the bed frame
glows

Its always over
Before it begins
If i had it all I would do it again
If i had it all I would do it again

And the days wash away in the rain
Just like counting the streaks on a pane

I can't sleep at night anymore
Someone's stealing a car right outside the door
If I've gotta walk that's just what I'll do
I'm getting there slowly but I'm going with you
I'm getting there slowly but I'm going with you

Its always over
Before it begins
If i had it all i would do it again
If i had it all i would do it again
I want it all just to do it again
I want it all just to love you again
