

THIS SONG IS OURS

Lyrics by Alex Bird
Music by Alex Bird & Ewen Farncombe

(From the 2024 “Best Vocal Jazz” JUNO Nominated album “Songwriter”)

**There is a place
Where lovers go
Hidden away
With all its powers**

**There you will feel
Music surround
Nightbirds that sing
This song is ours**

(Bridge)

**Can you hear the mourning dove
He coos of romance and of love
With each passing hour
This song is ours**

(Bridge end)

**There is a place
Not far from here
Over the hill
Past the towers**

**Follow the path
Until you can see
Lovebirds that sing
This song is ours**

(Bridge)

You won't forget the words

**Take it from the hummingbirds
It's in the each passing flower
This song is ours**

(Solo)

**If you could stay
Here in my arms
Hidden away
With nature's powers**

**Time would stand still
But love would go on
And I could sing
This song is ours**

(Bridge)

**We won't be back this way
Stay as long as you can stay
Just like the fading stars
This song is ours**

(End)
