

4.5.0

When you reach the edge and step over
And the darkness swallows you up
Just think of one thing she would say:
“Don't be afraid, I'm here for you”
When you're cornered by your last fortress
You'll give up almost without a fight
Remember this: “I am with you, I am here
Don't give up, I'm with you.
Don't give up, I'm with you
Your hope is my weapon
Don't be sad, I'm with you
4.5.0. will be again

When despair and doubt, fatigue and fear
Squeeze your heart with deafening sorrow
Will sound like a revelation in her mouth:
“Do not be sad, I am here, I am with you”
And when the world's axis breaks
When the sky folds like a parchment
Out of nowhere her words will come
“It's all right
I'm here
I'm here
