

Little Help

Lyrics by Rachel Cousins

Guitar and Chords by Darcy Scott

Verse 1

I'll get my house up on a hill some day
and hang my gloves up from the fight
I'll find a peace that I have never known
for now, I'm kept awake at night

I know I'm sent here for a reason
And what that is, I haven't found
But I need something to believe in
and only I have shown up now

Chorus

Well, I've been praying for a breakthrough and
it hasn't come around
some will go to church throw it into work
or go dancing in a crowd
but all I've ever tried to do, is work it out myself
and I'm starting to find
I might need a little help

Verse 2

I call Mom to tell her everything
I make my brother pinky swear
Call my dad because the car broke down
(And) talk to a God when no one's there

Chorus

Well, I've been praying for a breakthrough and
it hasn't come around
some will go to church throw it into work
or go dancing in a crowd
but all I've ever tried to do, is work it out myself
and I'm starting to find
I might need a little help

Bridge

Think I have it all together?
Yeah, you really think I'm doin better?
Wish I could let you see
What everything has done to me
I know that I'll be a star
Know I've come so far
But the weight could make me crack
And I put it on my own back

Chorus

Well, I've been praying for a breakthrough and
it hasn't come around
some will go to church throw it into work
or go dancing in a crowd
but all I've ever tried to do, is work it out myself
and I'm starting to find
I might need a little help
