

The Vigil

Cord progression: Asus2, Emaj, Bsus4, C#m7

(verse)

I sit here and watch you breath
As the ravages of a disease
Slowly takes your breath away
I think about yesterday
Is it really that far away?

(refrain)

The steady rhythm becomes random
And in this moment...

(chorus)

I don't know what to do
Why am i losing you?
I don't know what to do
I'm so close to losing you
Where will you go?
I won't know what to do

(verse)

Sterilized and paralyzed
I'm waiting for you to open your eyes
And stave off judgement day
How can i keep you from slipping away
Why do you seem so far away?

(refrain)

Wavering rhythms become quieter
And in this moment....

(chorus)

I don't know what to do
Why am i losing you?
I don't know what to do
I'm so close to losing you
Why must you go?
I won't know what to do

(verse)

I want to yell as loud as I can
That I'm right here like I've always been
But I don't know what you hear
I can't tell if you're feeling fear
Why does the obvious seem so unclear?

(refrain)

The rhythm fades to an unbroken sound
And at this moment...

(chorus)

I don't know what to do
why am i losing you?
I don't know what to do
I'm so close to losing you
Where have you gone?
I don't know what to do
I don't know what to do

Where have you gone?
