

**Kaleb Hikele - Slowly**  
**Lyrics:**

Slowly moving  
One side to the other, I go

My mind is set on slowly moving  
One side to the other, I go

Back to the earth  
See my body beneath me, I float

Slowly drifting  
Along comes another to hold

Into the earth I go, you bury me  
I'm slowly moving back home

Love is a mystery  
And life is a question of hope

With two eyes I'm seeing  
My heart is not beating alone

So into the earth I go, you bury me  
I'm slowly moving back home

So pack up, I'm leaving  
My heart it is fleeing  
For her that I'm seeing up close  
She buries me  
Slowly I'm sinking below

So pack up, I'm leaving  
My heart it is fleeing  
For her that I'm seeing up close  
You bury me  
Slowly I'm sinking below

Back to the earth I will go as you bury me  
Back to the earth I will go as you bury me  
Back to the earth I will go as you bury me  
As you bury me  
As you bury me
