

LEADS ME TO YOU

By Amanda Keeles © 2025

Running to you like the wind on fire
Heart jump start like a real live wire
Chasing the sunrise, an endless sky of blue

Driving through a storm of endless rain
Got your kiss running through my brain
Crossing every county line on my way to you

Pounding heart, full speed and don't look back

I'm gonna take that gravel old dirt road
I'm gonna light old memories up in smoke
I'm gonna take a jet fuelled rocket around the moon
I'm gonna ride that rollin' gravy train
I'm gonna take a mile high flyin' jumbo plane
I'm taking whatever it takes me that leads me to you

Packing my bags and all my shoes
Telling the world on the headline news
That I'm wearing his ring and I'm gonna change my name

Maps and miles can't hold me back
Burning up black top that's a fact
Like a wild horse running, your love flowin' through my veins

Pounding heart, full speed and don't look back

I'm gonna take that gravel old dirt road
I'm gonna light old memories up in smoke
I'm gonna take a jet fuel rocket around the moon
I'm gonna ride that rollin' gravy train
I'm gonna take a mile high flyin' jumbo plane
I'm taking whatever it takes me that leads me to you

I'm gonna take that gravel old dirt road
I'm gonna light old memories up in smoke
I'm gonna take a jet fuel rocket around the moon
I'm gonna ride that rollin' gravy train
I'm gonna take a mile high flyin' jumbo plane
I'm taking whatever it takes me that leads me to you

That leads me to you
Ooooooo
Leads me to you
