

Fraud

[VERSE 1]

Get up for breakfast in the early morning,
Windows are cold to the touch,
Nothing's the same since you left me darlin',
I don't recall what it was.

[PRE-CHORUS]

I'd give you up again,
Just to watch the sun go down on me,
I'd give you all I have,
Just to watch you pack your things and
leave.

[CHORUS]

'Cause you love like a fraud,
And you don't know who you are,
And you just can't be what I need.

[VERSE 2]

I went for walks to tune you out,
I put new paintings on the walls,
Nothing's the same since you left darlin',
And I stopped waiting for your call.

[PRE-CHORUS]

I'd give you up again,
Just to watch the sun go down on me,
I'd give you all I have,
Just to watch you pack your things and
leave.

[CHORUS]

'Cause you love like a fraud,
And you don't know who you are,
And you just can't be what I need.

[BRIDGE]

All I wanted,
You were all I wanted back then,
But it means nothing,
Like it did back then.

[PRE-CHORUS]

I'd give you up again,
Just to watch the sun go down on me,
I'd give you all I have,
Just to watch you pack your things and
leave.

[CHORUS]

'Cause you love like a fraud,
And you don't know who you are,
And you just can't be what I need.

'Cause you love like a fraud,
And you don't know who you are,
And you just can't be what I need.

Can't be what I need.
